**WHEREAS**, the City Council of the Municipality (the "**Corporate Authorities**") has determined that it is advisable, necessary and in the best interests of the Municipality's public health, safety and welfare to finance the acquisition, construction and installation of a 1 million gallon per day memcor microfiltration water treatment plant and a 250,000 gallon clear well (including, as applicable, land acquisition and rights in real estate, mechanical and electrical work and other related facilities, improvements and costs, collectively, the "**Project**"), pursuant to the plans and specifications therefor prepared or to be prepared by the consulting engineers concerning the Project; and
